

ALL ARE RESCUED FROM THE ICE FLOES

SIXTEEN PEOPLE SUCCORED
THIS MORNING.

They Suffered Severely Last Night, And Were Happy to Get Back to Solid Land—Were Venturesome Skaters and Camera Enthusiasts And Went Too Far Out.

Chicago, Feb. 13.—[Special]—All the people who drifted away on the ice floes last night, were rescued today. They experienced awful suffering last night. They were venturesome skaters and camera enthusiasts, and were set adrift when the ice broke loose from shore.

At 3 o'clock this morning a party returned after a long quest for the missing party off Rogers Park. They found tracks leading up a crevasse about a mile from the shore, where all trace of the three imperiled persons was lost. A boat was hauled over the ice and the vicinity thoroughly searched, but no floating floe could be found, nor were there any signals heard.

During the entire evening searching parties made fruitless efforts to secure some trace of the imperiled skaters. All of those who were rescued were carried out on the ice off Lake Forest and two of the number who ventured on the frozen lake there are supposed to have been drowned. The remaining three of the fifteen were carried away on a floe off Rogers Park, and the Evanston life-saving crew spent part of the night looking for them.

At 2 o'clock this morning the crew from the Chicago life-saving station, under Capt. Fountain, started to haul a lifeboat to Evanston to aid in the search. Capt. Lawson's crew gave up the quest until daylight this morning. Capt. Lawson said his crew had a perilous experience and had been obliged to chop its way through the ice on its return from the vain hunt for the persons still missing.

Those who are supposed to be now on the ice or to have perished are: BROTHERS, ELMER D., employed in the office of Luther Laffin Mills; lives at 4354 Ashland avenue.

MANNEY, MISS OREL, 17 years old, niece of Attorney Brothers.

MANNLEY, CHAUNCEY, 25 years old, nephew of Attorney Brothers.

MALLORY, GEORGE, student at Lake Forest university; home in Pontiac, Ill.

CARRON, GUY, student at Lake Forest university; home in St. Anne, Ill.

FLETCHER, ARTHUR, lives in Ravenswood; started out after three persons who were carried out on the ice from Rogers Park, and has not since been heard from.

After spending five hours on an ice floe a mile and a half off Lake Forest and Fort Sheridan, ten young men of the Lake Forest academy, chilled to the bone by the biting wind which they had been subjected to, were taken to the Fort Sheridan pier at 7 o'clock last evening in a small skiff.

Two other young men, Guy Caron of St. Anne, Ill., and George Mallory of Pontiac, were still on the floe at a late hour last night, but they were being searched for by three boats, one of them being the lifeboat manned by the life-saving crew of Evanston.

NEWS FROM THE COUNTY

Tiffany, Feb. 14.—The intense cold has shortened the supply of potatoes for home consumption, as large quantities are frozen in cellars. In some places, cracks have opened to the depth of three feet or more, and two or three inches wide. Just what effect the deep and intense freezing will have on clover and on fruit, is yet to be developed. Farmers and fruit growers fear the worst. The health of the community seems to be improving, and attacks of grip are decreasing. Byron Buck, one of our own boys, has reached Laird river, Klondike, by the McKenzie route, and reports to his wife that his party has a cabin built, plenty of provisions and that prtridges and rabbits are plentiful. Mr. Shaw is suffering with a severe attack of grip.

Howard Brothers keep shipping hogs. K. K. Kennedy closed up the creamery business and has left for Iowa. The demand for coal during the cold weather has made A. P. Smith desperate. Bert Van Gulder has sold his store to James Haggart. Bert is with J. I. Case & Co., of Racine. Since the closing of the creamery several La Prairie families have gone to manufacturing butter, rather than go without, and churns are in demand. Representatives from Rock county to the Horticultural society at Madison from the south part of the county were, Geo. J. Kellogg, Henry Tarrant, James A. Chamberlain, and B. H. Smith. The sessions were very interesting and instructive, indeed. The society is publishing "The Horticulturist," a magazine worth five times its cost to every flower and fruit raiser in the state. One fact was brought out in the convention, that Wisconsin shipped thousands of barrels of apples to other states last fall, mostly north and west. Geo. Moyle has written to his father, L. A. Moyle, from Manila, that he is well; was in the fights last summer, and likes the country. Should the creek break up with

up with a sudden rain and thaw, there will be fun along its banks. A great deal of corn is being shipped from this section.

La Prairie

La Prairie, Feb. 14.—A gentleman is around the country testing potatoes and vegetables. Look out for him. He is known as Jack Frost. Mail carriers are busy now handing out valentines. Miss Flo. Thomas spent Saturday and Sunday with Janesville friends. Guy Sherman, who goes abroad with Herman Dick as his private secretary, is well known in this vicinity, having spent the days of his youth here. He will, no doubt, discharge his duties nobly. It is rumored that the Grange is making arrangements for their annual masquerade. Nearly every lady in La Prairie will take part in the mid-winter fair. J. E. Gleason delivered some fine stock to Geo. Yahn, Tuesday. J. Hill expects to deliver some fine fat sheep to Yahn in a few days. A delegation from this town who attended the performance of "Shore Acres," Saturday evening, report it very good indeed. At first one lady reported a dry cistern, and woman-like they have all fallen in line, until there are now but few using cistern water, and if the drought continues it will not be long before all have followed the fashion. Rather cool for gypsy camps. Remember the L. M. B. S. meeting at the home of Mrs. C. E. Wilcox, Thursday, Feb. 23. Prepare for the Grange meeting next Saturday evening.

Barkers' Corners

Barkers' Corners, Feb. 13.—There will be no preaching at the United Brethren church next Sunday, quarterly meeting services being held at Lima Saturday and Sunday. Wallace Noly and Miss Clara Night were united in marriage Wednesday, Feb. 9. We all unite in wishing them a long life of happiness and prosperity. Miss Pearl Ross is spending a few days in Janesville. Elsie Taylor was home from Whitewater Saturday and Sunday. Mrs. Guy Gruffy spent Sunday at home. Jack Frost did not show any partiality in visiting cellars last week.

An Old Counterfeiter Dead.

Russell Hoyt, the former New York business man, whose country residence at Bethel, Conn., was discovered to be the headquarters and workshop of a gang of famous counterfeiters several years ago, died the other day in the hospital in Danbury of infirmities brought on by prison life. Hoyt was a member of an aristocratic family, and spent his summers at his place in Bethel. He had been engaged in various enterprises in New York and Brooklyn, and was thought to be wealthy. United States secret service officers who were watching "Big" Murphy, a famous counterfeiter, followed him to Hoyt's place in Bethel, and they had discovered the headquarters of a gang of counterfeiters who had been circulating the finest imitation of a \$20 bank note they had ever seen. Hoyt's brother Lorenzo, one of the solid citizens of the village, was also arrested. It has always been supposed that he gave the information that led to the discovery of the counterfeiting plant and the arrest of the members of the gang, for he was released soon afterward, and his brother was sentenced to a long term in prison. The plates from which the counterfeiters were made and the presses and a large quantity of a remarkably fine imitation of bank note paper used by the government were found buried in the yard of Hoyt's house. It is believed that Hoyt discovered the secret of making the government paper, and that the secret died with him. The officers never discovered where the paper came from, and its striking similarity to the genuine paper caused them a great deal of uneasiness. A few months ago Hoyt was pardoned by the president because he had paralysis and could live only a short time. He wanted to go home to die.

Apologetic.

"What's the reason we were not invited to participate in the celebration?" asked the Cuban soldier. "Well," answered the American, after some consideration, "you people down here have been so much accustomed to bull fights and personal encounters that we were afraid we couldn't make it sufficiently interesting to be worth your while."—Washington Star.

His Work.

"Why don't you go to work?" she asked of a tramp. "I am a working, lady." "At what? You show no signs of it." "No matter for that, mum; I'm a working as a traveling advertisement for a soap firm. I'm the 'Before using' card, and my partner round the corner represents the 'After using' end of the combination. Thank you, mum."

Laborer of a Great Journalist.

In the new biography of Mr. Henry Reeve, the late editor of the Edinburgh Review, it is recorded that he wrote leading articles for the Times for fifteen years. During that period he contributed 2,482 articles, an average of between three and four a week, and received in payment £13,000, or £8 each.

A Long Train.

A train, nearly three-quarters of a mile long, was recently hauled on the Pennsylvania railroad by a 118-ton engine.

ENEMY FIRES ON AMERICAN LINES

BUT FORTUNATELY DO BUT
LITTLE OR NO DAMAGE.

The Splendid Success of Americans Throughout the Week Have Not Caused Them Relax—Guards Posted on All Roads Leading Out of the City of Manila.

Manila, Feb. 13.—[Special]—The enemy fired a few shots on the left of the American troops, last night, but did no damage to speak of. The splendid success of the Americans throughout the week have not caused them to relax their vigilance in the least. Guards are posted on all roads leading out of the city to prevent insurgent sympathizers from joining the enemy or attacking our rear. All continues very quiet and business has fully resumed. Escaped Spanish prisoners report that Aguinaldo with three thousand picked men is camped at Polo, five miles north of Caloccan.

News From General Otis.

Washington, Feb. 13.—[Special]—Several important dispatches were received from General Otis this morning, in one of which he states that everything is quiet at Manila, and business is resuming its former activity.

SAY THE AMERICANS FIRED FIRST

Agent of the Philippines at London Makes Alleged Dispatch Public

London, Feb. 13.—[Special]—The Filipino agent here reports that Agoncillo will shortly arrive here. The agent today made public what purports to be a telegram from Manila. It reads:

"The Americans commenced the attack on our lines without warning. They bombarded several places, killing many women and children within Manila's walls. The foreign community was greatly alarmed. Executions frequently occur in the city, and hostilities continue. The Filipinos are determined to defend themselves against the barbarous proceedings of the Americans. Such unnecessary bloodshed is deplorable."

ADDITIONAL CASUALTIES.

Gen. Otis Sends Names of Killed and Wounded Soldiers.

Washington, Feb. 13.—In a dispatch to the war department Gen. Otis reports the following additional casualties:

Killed: Private Theodore Good, Third artillery; Private Anthony N. Packard, company C, First California; Fourth infantry, wounded, Privates Bernhart Hensel, William Ransom, company F; First Idaho, wounded, Private Kosekolea, company F; Utah artillery, wounded, Private Charles S. Hills, battery B; Thirteenth Minnesota, wounded, Privates James Hartley, William C. Fitch, company D; First Montana, wounded, Private Mallory Thomas, company K; Fourth cavalry, wounded, Private James Thorson, troop E; Twentieth Kansas, wounded, Private Alexander M. Mitchell, company B; Private Gott, company I, First Montana, reported missing, reported to his company commander.

Ready to Surrender.

Manila, Feb. 13.—Many of the armed natives are ready to surrender to the Americans. Among them are the Macabebes and the natives of Panpanga province, near Malolos, the capital of the Filipino so-called government. They have sent to Gen. Otis an offer to desert Aguinaldo and aid our troops. They say that they have 3,000 organized troops, well provided with arms and ammunition, and need only rations.

Can End Uprising in Twenty Days.

Washington, Feb. 13.—Maj.-Gen. Otis has turned prophet, and in a dispatch to the war department, dated Manila, Feb. 12, predicted that he could end the Filipino uprising, or all active opposition to American authority, in twenty days if his forces were augmented by the United States regular infantry now on their way to the Philippines.

Agoncillo Denies Report.

Montreal, Feb. 13.—Agoncillo denies the report that he sent any telegrams to Manila advising Aguinaldo to fight the Americans before any more troops arrived. He says that on that point he would not dare to offer the general any advice.

The Grant in the Red Sea.

Calro, Feb. 13.—The United States transport Grant, which is conveying troops from New York to Manila, sailed from Suez Sunday and is now going through the Red sea.

Novel Bait for Catching Fish.

Dutch fishermen make astonishing catches by means of the following simple plan: They put a number of live worms and insects in a bottle partially filled with water and then cork it securely. The bottle is dropped alongside. It appears that the sight of the wriggling contents of the bottle so excites the appetite of the fishy tribes that they fall easy victims to the baited hooks.

The Reason.

At Sunday school a little girl was asked: "Why should you not hide your light under a bushel?" The reply came pat: "For fear of setting fire to it."—London Chronicle.

JACK FROST'S GRIP 'LOOSENED-AT LAST

BACK BONE OF THE SNAP IS
BROKEN.

Prediction is Fair And Warmer—Cold Interferes With the Mardi Gras at New Orleans, and Compels the Abandoning of Parade and Ball—Weather News.

Chicago, Feb. 13.—[Special]—The backbone of the cold spell is believed to be broken, and warmer weather will now prevail. The prediction is:

"Generally fair tonight and Tuesday warmer."

New Orleans, Feb. 13.—[Special]—Jack Frost has interfered with the arrangements for the great Mardi Gras festivities, and his interference is of a serious character, as the parade—always a great feature—and the grand ball, have been of necessity postponed.

The weather here is the coldest since 1836, and there is much suffering and inconvenience in consequence.

Chicago, Feb. 13.—[Special]—The entire country from Cincinnati to the Atlantic is snow bound. The storm in some sections are greater than that of 1888. All traffic is paralyzed. Street cars are operated in only a few cities. The severity of the storm in the south is unprecedented.

The storm this afternoon shows no signs of abating. It is estimated that aid must be given to sixty thousand poor people.

London, Feb. 13.—[Special]—A terrific wind and rain storm has prevailed here since last Saturday. Reports of the stranding of steamers were received hourly.

Boston, Feb. 13.—[Special]—No news has been received here today of the Steamer Pavonia. It is now nine days overdue from Liverpool. Further than confirmation of report that Wee Hawk had taken twenty-five of Pavonia's passengers off missing vessel and landed them on the Azores.

Ten Killed by a Snowslide.

Georgetown, Colo., Feb. 13.—Ten lives were lost Sunday at Sherman mountain through a snowslide that descended Cherokee gulch. The slide would have carried off the mining camp of Silver Plume but for the fact that its descent was blocked before reaching the foot of the mountain. The Corey City and Dives Pelican mines were stripped of all their outer works. The latter loses \$50,000 in ore that was contained in the shipping bins. The fatalities were centered in a bunch of huts occupied by Italian miners.

Gales Sweep British Isles.

London, Feb. 13.—A heavy gale swept the British islands Saturday and Sunday, causing floods at many points. Rivers have overflowed their banks, railways have been submerged and there have been numerous casualties along the coast.

ROB AND PLUNDER

Armed Cubans are Plundering in Many of the Cities.

Santiago, Feb. 12.—[Special]—Armed Cubans are committing robberies and plundering in many of the cities in this vicinity. It is almost impossible to prevent outlawry, owing to an insufficient number of gendarmes.

Salaries of Presidents.

Very few persons suspect how small the salaries of presidents of republics are. When the enormous sums crowned heads receive are taken into consideration. The foreigner often thinks the \$50,000 salary of the president of the United States is merely a joke, and that he receives ten times as much in reality, but the same, foreigner may not know that the French president, in a country where the wealthiest monarchs once reigned, receives only \$120,000 a year. The president of the little Andorra republic contents himself with a salary of \$15 a year, and the president of the Swiss republic must be satisfied with \$3,000.

A New Coal Man.

A new man was engaged at a coal yard and he went off to deliver his first load. He failed to return, and a search was thereupon instituted. The missing man was found at the house where he had put the coal in the cellar, and had taken up his quarters in the kitchen. The cook said she could not get him to leave, and the man was asked what he meant by such conduct. "Why," he replied, "I thought I was sold with the coal—I was weighed with it."

Preparing to Build Another Maine.

The construction of the ways in which the new battle-ship Maine will be built has begun at the Cramps' shipyard. The timbers which will be used in the foundation were originally cut in the live oak forests of Delaware fifty years ago and were shipped to Boston to be used in the construction of wooden vessels.

Profit from a Whale.

The profit from a single whale that is captured is very large. One about fifty feet long weighs 140,000 pounds, and will give 60,000 pounds of blubber, from which 48,000 pounds of train-oil can be made, and 3,000 pounds of whalebone.

FLORENCE WICKES' COMING

Former Janesville Girl Will Soon Be Seen Here With Company.

Florence Lillian Wickes, the Chicago girl, whose marriage to George Ford, of this city, caused no end of gossip all over the country, will be in Janesville soon as a member of "A Stranger In New York," company. Frederick Charles, advance agent, was in the city today for the purpose of making the necessary arrangements. He says that Miss Wickes carries her part out well and is fast making her way in the world as an actress.

BELOIT COUPLE WED.

Prominent Young People Joined in Marriage Sunday Afternoon.

Beloit, Wis., Feb. 13.—[Special]—Bernard F. Mills and Miss Thresa Smith, both prominent young people, of this city, were united in the holy bonds of matrimony Sunday afternoon at the Catholic church, the pastor uttering the words that tied the nuptial knot. The bride is a daughter of Euston Smith, who formerly resided at Affton, but is now a resident of Beloit.

EARTHQUAKE SHOCK

Residents of Union, West Virginia, Are Shaken Up And Frightened.

Union, W. Va., Feb. 13.—[Special]—A severe earthquake shock was felt here this morning. Houses were shaken, windows broken, but damage is not very great. The shock was distinctly felt and a low rumbling noise heard. Many were awakened and fled from their homes to the streets.

BLIZZARD VISITS EAST

New York State is at the Mercy of the Elements These Days.

New York, Feb. 13.—[Special]—New York State is in the grasp of a blizzard. Land and water traffic is practically suspended. Much suffering is reported among the poor. This awful storm promises to equal the famous blizzard of 1888.

POPE LEO IS PLEASED

Well Satisfied With Treatment Accorded Catholics in Cuba.

Rome, Feb. 13.—[Special]—It is learned that the pope is well satisfied with the liberal treatment accorded to Catholics in Cuba by Uncle Samuel.

Big Liner in Danger.

Ponta del Gada, Azores Islands, Feb. 13.—The British tank steamer Weehawken, Capt. Casey, from Philadelphia, Jan. 27, for Hull, has arrived here with twenty-five passengers from the Hamburg-American liner Bulgaria. Capt. Schmidt, from New York, Jan. 28, for Hamburg. The Weehawken reports the Bulgaria drifting helplessly 900 miles from the Azores. Nothing is known here as to the fate of the other passengers.

Wisconsin Bar Association.

Milwaukee, Wis., Feb. 13.—The annual meeting of the State Bar Association, which begins at Madison this evening, promises to be a notably successful gathering in every way. Upward of a hundred prominent judges and lawyers from all parts of the state have already expressed their intention of being present, and the prospects are that there will be at least 150 members or more in attendance.

Sending Home Spain's Troops.

Madrid, Feb. 13.—A dispatch from Gen. Rios, the commander of the Spanish troops in the Philippines, says that the steamers Cristina and Uruguay are about to leave Manila for Spain with seven battalions, comprising 1,900 men, with their flags, guns and ammunition. Gens. Monet and Buit will sail with these troops. Part of the expense of the repatriation of these soldiers is paid by the United States.

Affray Between Officers.

Anniston, Ala., Feb. 13.—Col. D. G. Colson, congressman from the Eleventh Kentucky district, and commander of the Fourth Kentucky volunteers, which was mustered out here Saturday, was shot by Lieut. E. D. Scott Sunday morning and otherwise injured until he is in a serious condition. Scott is under arrest.

Indiana Police to Organize.

Anderson, Ind., Feb. 13.—Eastern and northern Indiana police departments will effect an organization. A meeting has been called at Huntington for the 16th, at which there will be amalgamated one great association for the betterment of protection and handling thieves and notorious characters.

Overcome by Black Damp.

Diamondville, Wyo., Feb. 13.—Twelve men in mine No. 1 here have been overcome by black damp. Ten of the men recovered, but two were dead when brought to the surface last night.

ENGLAND TO SHOW TEETH TO FRANCE

PLANS MADE FOR A NAVAL
DEMONSTRATION.

Strong Fleet To Be Gathered at Muscat Arabia, Where the French Recently Acquired a Coaling Station Much Against John Bull's Wishes in the Matter.

London, Feb. 13.—[Special]—Considerable excitement has been awakened here by the announcement that England is preparing for a naval demonstration against France. It is said that John Bull has selected Muscat, Arabia, as the scene of the demonstration, and that a strong fleet will be concentrated there.

France has recently secured a coaling station near this point, but England will enter a protest. Hence the decision to make the demonstration.

French Claim Is Recognized.

Paris, Feb. 13.—This morning's papers assert that the negotiations which have been in progress between the French and British governments regarding the Bahr-El-Ghazal basin, west of the White Nile, are on the eve of a satisfactory settlement. Great Britain has admitted the legality of the French claim to a commercial outlet on the Nile, and negotiations are now proceeding for the delimitation of boundaries.

MANAU HAS RESIGNED

Undoubtedly Due to the Noted Dreyfus Case the Dispatches Say.

Paris, Feb. 13.—[Special]—A great commotion was caused here last night by the confirmation of the report that Procureur General Manau had resigned, presumably on account of the Dreyfus case.

FORECAST OF WEATHER

Chicago, Feb. 13.—[Special]—Forecast for Wisconsin: Generally fair tonight; Tuesday warmer.

ANOTHER LOCAL ENGAGEMENT

Dr. Richard J. Hart To Marry Miss Alice Echlin

The engagement of Miss Alice Echlin to Dr. Richard J. Hart is no longer a guarded secret by the interested parties. No definite date has as yet been set for the wedding.

The bride-to-be is the daughter of Mr. and Mrs. J. O. Echlin and is a most worthy young lady who has spent her girlhood days in the Bower City. The prospective groom is a local prominent dentist who has the respect and good will of the entire community. They will make this city their home.

They Just Laughed.

A volunteer, who was a great man in his own eyes, was by some influence appointed captain. He could hardly speak of anything but his new dignity. Meeting a friend one day, he accosted him thus: "Well, Jim, I suppose you know I have been appointed captain?" "Yes," said Jim, "I heard so." "Well, what do your folks say about it?" asked the captain. "They don't say nothing," replied truthful James; "they just laugh."

Figures on the Colored Vote.

By the figures of the last census the colored vote of the country—that is, the males above the age of 21 years—numbered 1,740,455. Of these the following states had the largest proportions: Georgia, 179,028; Mississippi, 150,469; Alabama, 140,763; South Carolina, 132,949; and Louisiana, 119,815.

A Curious Agency.

A most curious agency which has been inaugurated in Paris for some time past is that for the supply of the fourteenth guest. Parisians, like some other people have a superstitious objection to dinner parties of thirteen. The agency supplies a fourteenth guest when desired.

Low Valuation.

A few words will sometimes express a man's opinion of his neighbor quite as well as a much longer statement. "Do you regard Silas Woodruff as one of the important people in Canby?" asked a summer visitor, referring to a member of the state legislature, whose home was in the little town. "I hear he can talk up to the folks on politics," answered the Canby farmer, to whom the question had been addressed, "so I reckon he's some use to the state, maybe; but in Canby we don't count him of any more value than a couple o' rods o' side hill."

AN INTERESTING MURPHY MEETING

HELD AT Y. M. C. A. BUILDING YESTERDAY AFTERNOON.

Interesting Talks From the Members of the Blue Ribbon Club Occupy the Time Profitably—Owing to the Absence of the President, Vice-President Otis H. Brand Leads.

Yesterday afternoon a very interesting and profitable meeting of the Francis Murphy Blue Ribbon Club was held at the Y. M. C. A. building, which was largely attended.

The main object of the meeting was for the purpose of appointing a committee to co-operate with a committee of the W. C. T. U. to arrange for holding a meeting at the Y. M. C. A. building next Sunday afternoon at 3 o'clock to commemorate the first anniversary of Miss Frances E. Willard, the late leader of the W. C. T. U. force of this country, who was ever on the alert to act by word and deed to alleviate the pain of suffering humanity.

Owing to the illness of the president of the club, Dr. James Mills, the meeting was conducted by Vice President Otis H. Brand, who called on members of the club for remarks.

The first to address the meeting was J. C. Kline, who made a few able remarks relative to his work in Illinois.

Rev. W. W. Woodside made a few well chosen remarks on the necessity of total abstinence. He impressed upon the minds of those present the necessity of standing by their pledge and being on the safe side.

H. G. Arnold spoke of the good work that had been accomplished by the Murphy club and his words were listened to in rapt attention.

Fred Holden, one of the converts to the temperance cause, spoke in a most sincere manner of his experience with the cup and how the "life line" had been thrown out to him. He said during his remarks that the mere fact of signing the pledge was not all that was necessary on the part of the members, but they should place their trust in God. He stated that he wanted the prayers of each and every member and needed their help, as he was trying to lead a goodly and righteous life.

Rev. E. H. Pence made a few able remarks which struck a popular chord. He was of the impression that too much personality was being attached to Francis Murphy, the leader of the temperance move in this city and not enough trust placed in God, whom alone can save and heal the wounds. He spoke of the purposes of the organization; that members should not merely attend meetings and with long drawn faces, look pious, but that there was a duty for each and every member to perform. After closing his remarks, he offered a beautiful prayer, after which Rev. Woodside pronounced the benediction.

The meeting next Sunday will be a very interesting one and all should attend the same.

The Baptist Church

The subject for Mr. Kempton's morning sermon was "Religion a Personal Relationship." His text was in Matt. 10:40. "He that receives you receives me, and receives him who sent me," are the words of our Saviour.

Many cannot easily receive the unseen God so he has sent his son into the world and He sends his followers into the world to call the world to himself. If you cannot receive him as the divine Christ, believe in him as the pure human being. Follow him and he will lead you by his words and life to see and believe in his divinity.

Follow his servants and you will be led to follow the Christ. The private in the ranks may have never seen General Grant, but he obeyed the orders of his officer and by so doing he obeyed the orders of Grant himself. If you cannot follow Christ directly, follow

SINGULAR STATEMENT.

From Mrs. Rank to Mrs. Pinkham.

The following letter to Mrs. Pinkham from Mrs. M. RANK, No. 2,354 East Susquehanna Ave., Philadelphia, Pa., is a remarkable statement of relief from utter discouragement. She says:

"I never can find words with which to thank you for what Lydia E. Pinkham's Vegetable Compound has done for me. "Some years ago I had womb trouble and doctored for a long time, not seeing any improvement. At times I would feel well enough, and other times was miserable. So it went on until last October, I felt something terrible creeping over me, I knew not what, but kept getting worse. I can hardly explain my feelings at that time. I was so depressed in spirits that I did not wish to live, although I had everything to live for. Had hysteria, was very nervous, could not sleep and was not safe to be left alone. "Indeed, I thought I would lose my mind. No one knows what I endured. "I continued this way until the last of February, when I saw in a paper a testimonial of a lady whose case was similar to mine, and who had been cured by Lydia E. Pinkham's Vegetable Compound. I determined to try it, and felt better after the first dose. I continued taking it, and to-day am a well woman, and can say from my heart, 'Thank God for such a medicine.' "

Mrs. Pinkham invites all suffering women to write to her at Lynn, Mass., for advice. All such letters are seen and answered by women only.

some servant of his and he will soon lead you to Jesus.

Are we Christians living such lives that if men follow us they will be led to Christ? In each of us who are his children there is a photograph of Jesus. May we not so live that nothing shall cover up the picture?

Again, he that receives Christ, receives God who sent him. There are many who unconsciously receive Christ. Those who receive and enjoy the civilization of this world, in a measure receive the Christ spirit. Is it not better to consciously receive Christ? Is it not easier to receive the perfect Christ than to receive one of his poor, weak, imperfect followers? If we receive him we will receive him who sent him.

Notice lastly that christianity is a personal relationship. This personal relationship will completely transform the life which receives Christ. His life will enter into ours and will lead us to live a new life and finally to see and know our Heavenly Father. May God help us so to live and follow him.

In the evening Mr. Kempton's subject was "The Steps of Faith." An interesting after-meeting was held at the close.

Next Friday night the young men of the church will hold a sociable at the church parlors. Everybody invited, especially young men.

HE GOES TO MANILA

Reception Saturday Evening In Honor of Private John B. McElroy.

Last Saturday evening a reception was given at the home of Harace McElroy on Fourth avenue in honor of Private John B. McElroy, who for several months past has been camped at Fort Sheridan, but has been in the city the past few days enjoying a seven day furlough and is under order to sail for Manila and will start for that tropical land in a very few days. The voyage across the salt water pond will take in the neighborhood of two months.

The reception was given in order to afford the friends of Private McElroy an opportunity to bid him adieu before his departure for the Philippines, therefore many of his friends assembled at the home of his sister, Mrs. Horace McElroy, in response to cordial invitations.

The evening was very pleasantly and profitably spent in social converse. During the evening dainty refreshments were served. It was an occasion that will long be remembered by Mr. McElroy, who has the best wishes of his many Janesville friends, who trust that his next visit will see him with the stripes on his shoulder.

Saturday evening last, Alice, daughter of Mr. and Mrs. R. B. Harper, entertained upwards of forty of her young friends at a Valentine party at the home of her sister, Mrs. Richard H. Barlow, of No. 39 Milwaukee avenue. The evening was pleasantly passed in playing cards and tripping the light fantastic. Delicious refreshments were served during the evening.

AS USUAL, IT WAS GOOD

"Shore Acres" Pleased a Janesville Audience Saturday Evening.

Janesville theatre-goers were treated to something spicy last Saturday evening in the appearance of "Shore Acres," a comedy drama, at Myers Grand. Possibly many in the audience had experienced the pleasure of witnessing the performance before, but like many of the old-standbys, it never grows old and all classes of theatre-goers find much to amuse them in its quaintness.

The characters represented in the cast were true to life. Archie Boyd did himself proud in the execution of his part as Nathaniel Berry, or "Uncle Nat." He is an artist and his affable manners and lovable character won the hearts of all. Atkins Lawrence, as Martin Berry, executed his part in a pleasing manner. Geo. K. Henry, as Joel Gates, Wm. H. Burton, as Josiah Blake, and Herbert Flansburg, as Sam Warren, all did justice to their respective parts. The ladies in the cast likewise were of the highest order and are worthy of praise.

It is to be hoped that in making up their route for next season, the company will not forget Janesville.

The attendance was not what it should have been, which is no doubt due to the extremely cold weather.

"RED CROSS" WRITES ABOUT BARB WIRE

THINKS THE HUMANE SOCIETY SHOULD ACT

The Head of the Organization at Milwaukee Should Be Active in This Respect As He is in Stopping Prize Fights And Other Brutal Sports.

Editor Gazette.—The following clipping is from the Wisconsin Farmer of Feb. 9:

I have a two-year-old colt that got in the wire and cut his front foot. The wire caught above the foot and cut down to the bone, tearing half of the hoof off. The frog is all right. He did it a week ago, and his leg is not swollen very much. He stands on three legs. He has an awful pain in it. The first five days I washed it once a day and applied equal parts of lard and gunpowder and a little rosin. It is getting along all right. Please state if you think the hoof will grow out again. He eats and drinks well and is in good order.

If the coronary band at the top of the hoof has been cut away, the hoof will never grow naturally again; but if not with proper care a serviceable foot may be grown. Take raw linseed oil, four ounces; oil of tar and tincture of benzoin, each two ounces; mix and apply twice a day.

We have in Janesville an organized branch of the Wisconsin State Humane society for the prevention of cruelty to animals. The purpose of the parent organization as set forth in its constitution and by laws, commends itself to every kind hearted and humane person, and should meet with hearty support. The members of our local association work among our very best citizens and they are undoubtedly sincere in their desire that our domestic animals should be protected from the cruel abuse and neglect of those persons who care only for their own personal comfort, wholly indifferent to the pain and suffering their selfish greed may entail upon the dumb animals, unfortunately possessed by them.

The above clipping will call attention sharply to one case only of silent suffering among thousands of the same nature. Many very much worse, and not a few resulting fatally that may be attributed wholly and directly to the use of the murderous barbed wire, since being introduced for fencing purposes.

The chivalrous Spaniard after experimenting for every known device for inflicting torture and pain, finally adopted the veterinarian's fiend, barbed wire, for the construction of its corral within which to imprison the starving Cuban insurgents.

For leaving a horse hitched upon the streets unblanketed and exposed to the chilling wintry blasts, the owner is arrested and fined ten dollars and costs. What penalty should then be attached for placing an animal within an enclosure where there is a liability of inflicting such torture as described in the clipping?

The writer has often doubted the sincerity of the executive of the State association for not having made some effort in way of legislation to prevent, at least the placing of horses within a barbed wire enclosure.

If the executive officers in Milwaukee would exhibit the same zeal in protecting the horse from brutal treatment that they do in pursuing the promoters of cocking maims and sparring matches they might surpress the growing suspicion that they hold offices for revenue only, humanity only a side issue.

The 17th of this month is the last day for "new businesses" at Madison.

Who in the meantime will volunteer to speak at Madison in the interest of the dumb animals whose gaping, bleeding wounds and groans of pain appeal so eloquently to our humanity?

"Red Cross."

WORK NOT COMPLETE.

Congress Faces Extra Session or Massacre of Measures.

Washington, Feb. 13.—With but eighteen legislative days of this session of congress remaining, and with public business sufficient to occupy twice that time in consideration on the calendars, the party managers in the house and senate are perplexed and embarrassed. The only alternatives in sight are an extra session of the next congress or the failure of some desirable legislation.

The Nicaragua canal bill fell into the hands of the Philistines when it reached the house. The bill is unfortunate in the first place in lacking the support of Speaker Reed. Not that he would offer violent opposition to its passage, in the face of a majority of his party in the house, but he will refrain from exerting the tremendous force of his influence in its behalf, which would be so effective in the case of a measure of legislation which he desired to have enacted.

The proposed legislation for the re-constitution of the American merchant marine contains features which have aroused the opposition of a faction sufficient in numbers and influence to prevent action at this session. The outlook for this bill is exceedingly dark. The situation respecting the army bill has not changed within the past few days, save to develop constantly increasing opposition.

The appropriation bills have not advanced materially within the past week. The Philippine question has been to the fore in both house and senate, and is talked about whenever an opportunity affords.

New Regulations As to Home Seekers' Excursions.

Home seekers' excursionists may now return any day within the twenty-one days limit. Round trip excursion tickets to Iowa, Minnesota and Dakota points, and to points in southern, south-western, western and northern states, with a twenty-one day limit at half fare, plus \$2, will be for sale by the Chicago, Milwaukee & St. Paul R'y. on February 7, 21, March 7, 21 and April 4th and 18th.

TEMPLARS AISIT CLINTON

Gathering of Importance in Which Local Talent Took Part.

A delegation of Good Templars from the local lodge spent the day in Clinton where they attended a one day school of instruction, presided over by Grand Chief Templar W. H. Clark, of Ripon.

The day's work was conducted in the Methodist church and at noon the visitors were the guests of Rev. W. P. Leek, a most tempting dinner being in order at his spacious home.

Good Templars from all portions of the county were present and the day was one most profitably spent.

Those from here who took an active part in the day's program were: Mrs. E. E. Yates, Mrs. Anna Yates, Miss Hattie Ward, J. A. Canniff, Charles Ward and Edson Baker.

WILL MARRY HIS BROTHER

Rev. A. C. Kempton Will Officiate at Madison Wedding Tomorrow.

At Madison tomorrow at the Baptist church will be solemnized the marriage of Miss Annie Elizabeth Main to Rev. A. J. Kempton. The bride is the daughter of Mr. and Mrs. Willard S. Main, 511 North Carroll street, and the groom former pastor of the First Baptist church there, but now occupying a pulpit in Mt. Carroll, Ill. The wedding will occur at 4:30 p.m. Rev. A. C. Kempton, of Janesville, a brother of the groom to be the officiating clergyman. The bridesmaid will be Miss Lois Main, a sister of the bride, and Mr. Haddon MacLean of Chicago, an intimate friend of Rev. A. J. Kempton, will be best man.

INSANE ASYLUM BURNED.

Seventeen Female Inmates Lose Their Lives.

NO RESCUE WAS POSSIBLE.

Appalling Disaster at Yankton, S. D.—Immense Publishing House of A. C. McClurg & Co., at Chicago, Destroyed by Fire.

Yankton, S. D., Feb. 13.—The most horrible disaster in the history of South Dakota visited the insane asylum in this city at an early hour Sunday morning, when fire, originating in the basement of one of the cottages connected with the institution, completely gutted the building, causing the death of seventeen of the female inmates.

The names of the victims and the counties from which they came are as follows:

BOERSE, AUGUSTA, Lake county.
ERICKSON, JULIA, Meade.
FLYNN, MAGGIE, Hamlin.
GOSSAGE, LUCINA, Hamlin.
HUTLEY, ADELINA, Potter.
JOHNSON, CHRISTINA, Codington.
KAMPANI, MRS., Brown.
KEENE, LUISA, Codington.
KRONIG, JENNIE, Pennington.
LINDBERG, CAROLINE, Brown.
LOCKER, ELA, Codington.
LYNCH, MARGARET, Union.
OLSEN, JOSINA, Hamlin.
PLAVITZ, KATIE, Bon Homme.
STOLPE, ELIZABETH, Davison.
SWENSON, GAINA, Kingsbury.
TENNISON, MARTENIA, Pennington.

The fire originated in the dry-room of the laundry, but the exact cause is not known. There is a coil of steam pipes in this room, and it is thought possible that fine particles of lint or some of the clothing fell upon the pipes and became ignited.

The intense heat in the burning building caused the pipes to burst shortly after the firemen reached the scene, thus leaving them without power and compelling them to depend entirely upon the pressure from the tank. Two streams of water were thrown on the building, but not with sufficient force to do much good. Fortunately the other buildings were at a sufficient distance to be out of danger.

The thermometer was standing at 23 below zero and the scene was pitiable in the extreme. The inmates in many cases were forced to rush from the building with little wearing apparel. Twenty patients and all of the twelve attendants escaped, but lost nearly all of their possessions which were in the building.

The total loss on the building and machinery is \$18,000. There is no insurance. The work of removing the debris and the search for the bodies has begun. In 1882 the asylum, then a frame structure, was totally destroyed by fire and six lives were lost.

RARE BOOKS BURNED.

A. C. McClurg & Co.'s Great Stock and Building Consumed.

Chicago, Feb. 13.—Four hundred and fifty thousand dollars' worth of books and stationery were destroyed Sunday by a fire which originated from an explosion of gas in the third story of the building occupied by A. C. McClurg & Co., at the northwest corner of Madison street and Wabash avenue. Ten thousand dollars is estimated to be the amount of damage sustained by the firm of Mandel Bros., through smoke and water entering the basement and upper floors of their Wabash avenue establishment.

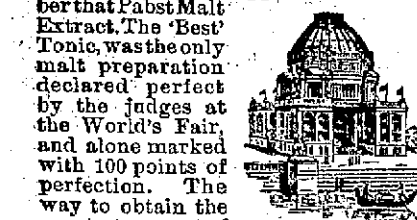

Insurance for nearly the full loss is carried by A. C. McClurg & Co., while Mandel Bros. are similarly protected. The building, a five-story structure, erected immediately after the great fire of 1871, was owned by the Rutter estate, and was valued at \$140,000. The insurance carried on the building will aggregate about \$100,000. The loss on the building is total, the south wall having fallen and the other walls being in a condition that will necessitate their being pulled down.

The loss to A. C. McClurg & Co. is of a character that cannot easily be estimated in dollars and cents, and which will be deplored by book lovers.

Cumulative Evidence

A proof of merit in any article is the amount of free advertising it receives. The universal success of Pabst Malt Extract, The "Best" Tonic, is largely due to one person's telling another of the benefits derived from its use. It is sold in almost every city and town in the United States. Its purity and efficacy have given it the immense popularity it has attained. It is indorsed by thousands of physicians and patients. It makes strength. It gives vigor and health when every avenue of hope seems to be closed.

When you ask for Pabst Malt Extract, The "Best" Tonic, do not be led into buying something else. Many imitations have recently appeared. Remember that Pabst Malt Extract, The "Best" Tonic, was the only malt preparation declared perfect by the judges at the World's Fair, and alone marked with 100 points of perfection. The way to obtain the greatest amount of benefit for the least amount of money is to have your druggist deliver you a dozen bottles at a time.

the world over. Thousands of dollars' worth of rare first editions, costly manuscripts, old engravings and exquisite bindings were destroyed in the furnace around which the fire department massed its forces during the day. Books which can never be replaced went up in the smoke or were ruined in the flood of water.

The fire department fought the blaze at a disadvantage from the start, frozen hydrants delaying the work of the engines, and causing great anxiety for the safety of the adjoining buildings. That the fire was confined to the one building, notwithstanding the difficulties in the way of the firemen, caused Chief Swenle immense satisfaction. He manifested his pride in the work of the firemen by the warmest words of praise.

Walls Fall on Firemen.

Montreal, Feb. 13.—One fireman was killed, one probably fatally injured, and several seriously hurt by a fire which took place here Sunday morning in a large stone building in Chaboulliez square, which adjoins the Chaboulliez fire station, the finest and best equipped fire station in the city. An explosion of gas forced the side wall of the building out and the falling wall buried several of the firemen, who were watering a steamer. Fireman Edward Smith died a few minutes after he was taken out of the debris. Fireman Joseph Mooney was removed to the hospital, where he is in a critical condition. Deputy Chief Dubois was severely cut about the face by falling bricks and several other firemen are more or less injured. The building is totally destroyed. The loss is about \$100,000.

Expensive Blaze in Albany.

Albany, N. Y., Feb. 13.—Fire at 1 o'clock Sunday morning destroyed business property in South Pearl street, valued at \$250,000. Mann & Anker, makers of women's garments the Grand Union Tea company, Halenbeck & Co., milliners, and Mann & Waldmann, wholesale dealers in women's suits, are the principal sufferers. Owing to the scarcity of water and the high wind the fire was not gotten under control for several hours. At one time the Leland opera house and the adjacent buildings were threatened but danger was averted by a change of wind.

Disastrous Fire at Pittsfield, Ill.

Springfield, Ill., Feb. 13.—News comes from Pittsfield, the county seat of Peak county, of a disastrous fire there Saturday night. The whole north side of the square was destroyed, the buildings burned taking Shaw's grocery store, Odd Fellows' building, Field's jewelry store, Siegel's harness shop and the Pittsfield hotel. The loss is well up in the thousands.

WOULD GRAB SKAGUAY.

Demand for Its Cession Made by Dominion's Commissioners.

Washington, Feb. 13.—A demand for the cession of Skaguay, Alaska, to Canada, which has been made by Great Britain and refused by the United States, may terminate the work of the joint high commission which has been engaged for six months on a new commercial treaty between the United States and Canada.

There has been a hitch in the proceedings of the commission for several days. The Canadians have complained that the United States was getting the best of the bargain. A hurried meeting of the Canadian cabinet was held in New York a few days ago, and its commissioners here were instructed to demand the cession of Skaguay as a condition precedent to future negotiations.

This demand was made formally by the commission. Sir Wilfred Laurier repeated it informally during a call upon President McKinley.

The American commissioners refused absolutely to consider the demand.

It is believed that this will precipitate a crisis in the negotiations, and that the sessions of the joint high commission may come to an abrupt end within the week.

Women Gather in Washington.

Washington, Feb. 13.—Representative women from all parts of the United States are gathering in Washington to attend the meetings of the third triennial session of the national council of women and the mothers' congress, both of which will be held during the coming week. Interesting programs, embracing a variety of topics touching the welfare of womankind, have been prepared, and many papers are to be read.

Franco-Italian Agreement.

London, Feb. 13.—The Daily Mail's correspondent at Rome says he learns that an agreement has been reached between France and Italy whereby they will share Cape Dumeira and Raheita, in Eritrea, the Italian possession of the Red sea. This is an important concession on the part of Italy to France.

Burglars Rob a Postoffice.

Fort Dodge, Iowa, Feb. 13.—Burglars effected an entrance to the postoffice at Alta, a station on the Illinois Central railroad, early Sunday morning, blew open the safe and carried away \$150 and \$55 in stamps.

Sash, Door, and Blind Trust.

Oshkosh, Wis., Feb. 13.—A sash, door and blind pool, to embrace practically all the factories in the United States, will be launched this week in New York. Its capital will be many millions of dollars.

INSURGENTS ARE BEATEN.

Maj.-Gen. Otis Says He Is in Complete Control.

END IS PLAINLY IN SIGHT.

American Commander Confident That in Twenty Days the Rebels Will Have Been Completely Subdued—Agoncillo Doubles a Rumor.

Manila, Feb. 13.—The situation in and about the city is more satisfactory than it has been any time during the eventful week just closed.

The American forces have not only a firm grip on the positions captured from the insurgents, but are eager to make the defeat of the Filipinos more emphatic, so that possible trouble with the natives will no longer be a menace in the future.

Agoncillo's forces are dazed by the results of the week. Never had they met with such a determined and disastrous onslaught. The Spaniards were content simply to repulse the insurgents, who after each engagement would retire, re-enforce and return to the attack.

In the three heavy engagements of the week just closed they had no opportunity to retire with any honors or re-enforce with any heart. They found the American soldiers at their heels at every turn in the road, and, not understanding such methods, they are confused and disheartened.

Maj.-Gen. Elwell S. Otis said that the ultimate and complete defeat of the Filipinos was now merely a matter of time. With the re-enforcements now on the way he says he can terminate the uprising in less than three weeks' time.

The soldiers and the civilians in Manila are loud in their praise of the conduct of the whole campaign against Agoncillo by Maj.-Gen. Otis. Every move was made with a complete knowledge of the whole situation and with a perfect understanding of the movements of the Filipinos, and the result was even more successful than the most sanguine commander expected.

The fears of the people here over the delay in repairing the water works have been allayed. The city's supply is now in complete control of the Americans, and all apprehension of a water famine has disappeared.

The Filipinos who remained in Washington deny all knowledge of any dispatch sent to Agoncillo by Agoncillo. Secret-service agents are watching them closely, and all telegrams and letters are scrutinized before delivered to them. If they attempt to aid Agoncillo they will be expelled or arrested.

Find by Lexow Committee.

St. Louis, Feb. 13.—Inquiry by officials of the Lexow committee has developed that the city's revenues from street car licenses is only \$19,000 annually. They have been informed that the city revenue should be \$30,000 instead of \$19,000 a year. Attorney McDonald has been instructed to make out subpoenas for the officers of every street railroad company in St. Louis in order that they may be examined on this apparent discrepancy. If a sufficient number are reached in time some of the street railroad magnates will be placed on the stand today.

Dreyfus Is in Good Health.

London, Feb. 13.—The Daily Telegraph publishes the following dispatch from Cayenne, capital of French Guiana: "The judicial officer who has just returned here from a visit to Dreyfus on the Isle du Diable informs me that the prisoner is in good health, but declines to reply to written interrogations of the court of cassation on the ground that his answers are inaccurately transmitted to Paris."

WINE OF CARDUI

THE LINK THAT BINDS.

JACKSON, TENN., Nov. 23.
I was subject to miscarriage for three years, and suffered constantly with backache. I wrote to you for advice, and after using three bottles of Wine of Cardui, according to your directions, I am strong and well, and the mother of a fine girl baby.

Mrs. E. N. JOWERS.

Wine of Cardui

There is no use talking—a baby in the house is the link that binds husband and wife together. Nothing is sadder than fruitless wedlock. The prattling and cooing of the little ones offset a thousand times the occasional worries and trials of life. When a wife is barren, there is a derangement somewhere in the genital organs, caused by one or more of those common disorders known as "female troubles". Wine of Cardui is the remedy. It puts the organs of generation in a strong and healthy condition, fitting the wife for the sacred duty of reproducing her kind. During the period of gestation the entire system of the expectant mother is built up to withstand the ordeal of labor, and when the little one makes its advent it is lusty and strong, well-fitted to grow to maturity in perfect health. The mother, too, passes through the trial with little pain and no dread. Wine of Cardui is truly a wonderful medicine for women.

Large Bottles for \$1.00 at Druggists.

THIS DAY IN HISTORY.

1728—Cotton Mather, famous in the witchcraft raid, died at Boston; born there 1683.

1766—Benjamin Franklin appeared before the house of commons to plead the cause of the American colonies.

1785—The commons presented before the lords the article of impeachment against Warren Hastings.

1805—David Dudley Field, jurist, born in Hadam, Conn.

1843—Commodore Isaac Hull, American naval hero, commander of the famous Constitution, died at Philadelphia; born in Derby, Conn., 1783.

1881—Fernando Wood, ex-mayor of New York, died in that city; born 1812. Fernando Wood was one of the earliest of Tammany's powerful enemies. He organized Mozart Hall. The fight between Mozart and Tammany gave the Republicans their mayor in 1867.

1894—Eugene von Balow, the celebrated pianist, died at Cairo, Egypt, born 1850.

1907—General Joseph O. Shelby, celebrated beyond the Mississippi as a dashing Confederate cavalry commander, died at Adrian, Mo. John Randolph Tucker, a noted Virginian, died at Lexington, Mo.; aged 74.

AMERICAN EXHIBITS.

"American trade" argues that Paris will be the center of interest in the world's industry and commerce during 1900. The exposition which will mark the beginning of the twentieth century is promised to eclipse in its excellence all exhibitions known to the world. American manufacturers cannot afford to ignore this event or let it pass without use. The industries of the United States will be judged by the world largely upon the basis of what they show in Paris next year; and not to appear creditably there means loss of prestige, a loss hard to repair. There has been a disposition on the part of American manufacturers to overlook this matter or to give scant consideration to its importance. This is very unfortunate from the stand-point of national pride and honor no less than in its bearing upon personal interests. Every consideration demands that we shall make the fullest possible use of the magnificent opportunities for the demonstration of our industrial supremacy which will be afforded by the Paris exposition.

The water company recommends that all householders keep the water in their residences running during this cold snap, and is willing to furnish the water without charge. Therefore people should not abuse the suggestion—a small but continuous flow will keep the pipes from freezing. If all the water users opened the faucets wide, the supply would be greatly reduced, whereas if a small flow is kept running, pressure can still be maintained.

In Wisconsin the man who has more than one wife is sent to the penitentiary, yet Utah sends a man who has more than one wife to congress. There is something radically wrong with the man who practices polygamy. Therefore, Mr. Roberts, the congressman elect from Utah should not be allowed to take his seat. Toleration of religious beliefs is one thing, but to recognize or encourage a practice that must shock both God and man is quite another.

The procession, on the occasion of the fire alarm Saturday afternoon, moved in this order:

Hose Company No. 2,
Fire Police Company,
Hose Company No. 1,
Hook and Ladder Wagon No. 1,
Water Company Wagon No. 1,
Engine,
Water Company Wagon No. 2,
Coal Wagon for Engine,
Citizens in Carriages,
Citizens on Bikes,
Citizens on Foot,
Citizens.

The Recorder shows plainly the animus of its attack on Chief Spencer. Janesville's fire department is famed far and wide for its efficiency. And that this splendid record is due more to the work of John O. Spencer than to that of any other man, is too generally appreciated by Janesville people to need repeating. Chief Spencer is all right and he has nothing to fear from some of his narrow minded critics.

Of course The Recorder doesn't want the city to have a chemical engine. Mayor and Common Council McLean is against it, and that settles the matter. The Recorder. The word of Mayor and Common Council McLean is law, to The Recorder, and from his decision there is no appeal.

And still, as before stated, we think "many people would sleep better these cold nights, if they knew that the city had a chemical engine ready for instant duty."

However, regardless of the temporary excitement caused by the tightening of Jack Frost's grip, do not forget to remember the damage suit "fad."

A regular meeting of the Order of

Disturbers and Gossips was held Saturday night, and orders were issued to the Official Organ to—but, as neither the order nor the organ cut any figure these days, let it pass.

The earthquake in Kentucky is easily accounted for—some colonel refuse to take a drink.

Good evening! Are your pipes still frozen?

And the next day it was still colder.

THE PLUMBERS' BURDEN.

[With Apologies to B. K.]
Take up the plumbers' burden,
Light up the flaming torch,
What matter if the day is cold
And the frost is on the porch;
Go, armed with wrench and heater
And make the water run,
Come, hustla, Mr. Plumber
Or they'll say you're a son-of-a-gun.

Take up another burden,
God knows you had enough
With the faucets and the meters
To make your going rough.
But don't forget the people
[And with them don't be harsh]
For many who do not care to drink
Will surely want to wash.

Take up another burden,
Take tools upon your backs,
Don't loiter in the highway,
But hasten and make trucks;
Don't forget the box of matches,
And if tired you should get
Just remember, while you're working
That you are the peoples' pet.

Take up another burden
Speak not of what you've done
But tire out another horse
And at noon just grab a bun
Update J. Frost's most cruel work
Prepare to thaw or die
And when the gladsome summer comes
You'll eat ice cream—and pie.

Take up another burden
Forget the God of old,
The people look to you, sir,
To circumvent the cold.
Exchange thy skill and knowledge
For simoleans that shine,
Cheer up! If this continues
The world's cash will be thine.

Take up the plumbers' burden
Send strapping youths away
To all parts of the city
Then all who will may say,
"There were, one time, some plumbers,
"Who worked with sweat and mirth
"But now they do not have to
"Because they own the earth!"

GOOD TEMPLARS AFTER THE VOTERS

WANT LICENSE QUESTION BROUGHT UP THIS SPRING.

Law Says They Must Have One Tenth Of the Voters Before the Issue Can Be Placed On Ballot—Will Make Lively Campaign—Blue Ribboners To Help.

Will the voters of Janesville have an opportunity to cast their ballots on the license and no-license question at the coming spring election?

Members of the local I. O. G. T. order say that the question will be voted on and that it will be a surprise to the general public when the votes are counted to see the large number here who are in favor of a no-license policy.

Petitions are now being circulated through the city by temperance workers for the purpose of securing the signatures of one tenth of the voters, that being the required number by law to be submitted to the city clerk before the question is allowed to go on the official ballot.

That the required number will be easily obtained there is no doubt as the greater portion of them have already been secured.

It is the intention of the local temperance workers to wage out one of the warmest campaigns this spring against liquor that has ever taken place in this city. Not only will the I. O. G. T. members be in the field with a strong organization but the Francis Murphy Blue Ribbon order promise to lend strong support for the good of the cause.

Last but not least are the ladies who comprise the W. C. T. U. They have already pledged their united support and have assured those having the work in hand that they will not be found wanting when the proper time comes.

A member of the Blue Ribbon order stated today that when election time arrived it was the intention of their organization to put several good workers into the local field. The Blue Ribbon order embraces some of the leading business men of the city, and their efforts in the direction of a no-license policy will no doubt have a telling effect.

ADRIFT ON ICE FLOES.

Lake Forest and Rogers Park, Ill., Residents Missing.

Chicago, Feb. 13.—Deadly peril confronted venturesome skaters and camera enthusiasts on the frozen surface of Lake Michigan yesterday. Fifteen persons living in Lake Forest and Rogers Park were cut off from shore by crevasses in the ice and carried into the lake on floes. At midnight ten of these had been rescued and five were still missing. Afloat on treacherous ice, with the temperature below zero and exposed to the wintry blasts, faint hope of a rescue in time to save life was entertained.

Patriarch of the Senate.
Ten United States senators have passed the three-score-and-ten mark, and Senator Pettus of Alabama, who is 78, is the patriarch of that body, now that Senator Morrill is dead. Two Democratic senators are evidently uncertain as to their ages and decline to state when they were born. The late Senator Harris of Tennessee was sensitive about his age, and always had it omitted from the congressional directory.

Uniform Milk

Ideal Aerated Milk is always uniform. Each bottle is sterilized before using and filled to the very top to prevent shaking and churning. There are no rubber bands or metal corks on these bottles to corrode or taint the milk. A fresh, clean wood pulp cork is used, and is destroyed after once in service. Coupon tickets are used, thus doing away with chance of contagion. Give the new system a trial.

Allen Eugene Rich, one of the best
known of Janesville's residents, died
suddenly at his home on Court street
this morning. Mr. Rich arose at the
usual hour, and made no complaint of
physical pain. He ate his breakfast as
usual, but on getting up from the table,

ALLEN EUGENE RICH.

complained of being ill. A few moments
later he was completely overcome, and
died almost at once, of heart failure.
Allen Eugene Rich was born in the
town of Pomfret, Chautauqua county,
New York, Nov. 28, 1842. His early
life was spent in his native state, his
education being received in an academy
at East Randolph, Cattaraugus county.
In the fall of 1861, when but nineteen
years of age he came to Janesville,
arriving here on the ninth day of October.
On the third day of December he entered
the employ of the C. & N. W. railway
company as a brakeman. In September,
1867, he was appointed a conductor and
in 1872 was placed in the charge of a
passenger train. For thirteen years his
run was between Janesville and Chicago.
Later he ran between Chicago and De-
Kalb. Some years ago he gave up his
position to engage in the drug business
in company with George J. Davis, re-
tiring from the drug store but a short
time ago.
Mr. Rich was twice married. His
first wife was Miss Margaret Sharp of
Chicago. To them one child was born;
Miss Genevieve. His second wife was
Miss Inman, of this city, who, with a
young son, also survives him.
Mr. Rich was a member of the Order
of Railway conductors, and was of the
republican political faith.
He was an exceptionally genial man,
and was held in the highest esteem by

all who knew him. His sudden death
was a great surprise, and will be the
cause of universal mourning.

George Scarcliff.

George Scarcliff, the pioneer business
man of Janesville, died at his home at
6:40 o'clock Sunday morning, after an
uninterrupted business career of one
year more than half a century, aged sev-
enty-three years. He had been ill for
some time, but until a short time ago
hoped for his recovery were entertained.

George Scarcliff was a native of Eng-
land, being born in Lincolnshire, Janu-
ary 18, 1826. His parents were born in
the same shire and were engaged in
farming and keeping an inn. Mr. Scar-
cliff came to America in 1844. After
spending a few months at Bushville,
near Batavia, he went to Rochester
where he learned his trade. In 1848 he
came to Janesville, opening a meat mar-
ket here on July 3 of that year, in com-
pany with his brother, John. A few
weeks later John was drowned in Rock
river, and Mr. Scarcliff's youngest
brother, Henry, joined in managing the
market. The brothers were partners until
1858, when Henry withdrew. Since
then George has carried on the business
alone.

Mr. Scarcliff was married in Janes-
ville on Feb. 22, 1850, to Miss Sarah J.
Anderson, a daughter of William Ander-
son. Six children were born to them.
Emma A. died at the age of twenty-five
years. Charlotte J. died at the age of
twenty-three, Clara Helen died when
eighteen years of age, and Henry E.
died in infancy. George Jr. and Mrs.
C. C. McLean are the only surviving
children.

Some time ago Mrs. Scarcliff died, and
later Mr. Scarcliff married again, his sec-
ond wife being a resident of Michigan.

Mr. Scarcliff was first a whig in poli-
tics, and later he was a republican.
Personally, he was a man of splendid
traits and enjoyed the confidence and
esteem of all. He was industrious and
conservative, and leaves a good property,
owning land in Iowa in addition to his
Janesville realty.

Funeral services will be held Tuesday
afternoon at 2 o'clock from the resi-
dence.

John C. Jenkins.

John C. Jenkins died at his home on
Milton avenue at 6:45 o'clock Sunday
morning, aged eighty-seven years. Mr.
Jenkins had been at the point of death
for some days, and his demise was ex-
pected.

Mr. Jenkins is one of the pioneer
residents of Janesville and for many
years conducted the "Big Mill," which
stood where the postoffice now stands.

At one time he was a dealer in boots
and shoes in the building now occupied
by H. Hoffmaster & Son, 18 South Main
street, years ago, which building he
owned at the time of his death. He
was connected with the early pioneer
history of Janesville, and for many years
was a prominent business man, being
the owner of considerable real estate, a
store on South Main street, twenty acres
on Milton avenue where he resides, and a
large farm in the town of Harmony.

He was twice married, and both of his
wives are dead. He has two sons, Fred
C. Jenkins and Charles E. Jenkins.

Funeral services will be held from the
house Wednesday at 2:30 o'clock.

Clara J. Tarrant.

Miss Clara J. Tarrant died Saturday
evening at 10:40 o'clock at the home of
her father, Henry Tarrant, in the town
of La Prairie. Pneumonia was the cause
of her demise, her illness being of but
short duration.

A week ago last Friday Miss Tarrant
returned home after teaching school,
and was taken with a severe cold which
finally terminated in pneumonia.

Deceased was born in the town of
La Prairie thirty-seven years ago, and
for the past four terms has presided as
teacher over the school in the Van Gal-
der district, where she was loved and es-
teemed by pupils and parents alike.
When but thirteen years of age she
joined the Methodist church at Shopiere.
A father and mother are left to mourn
her loss.

Funeral services will be held from the
home Tuesday at 1 o'clock, the Rev.
Richardson, of Shopiere, to officiate.

Funeral services will be held Tuesday
afternoon at 1 o'clock.

William Skelly.

After a short illness with pneumonia
William Skelly died at his South
Academy street home in this city Sun-
day afternoon at 2 o'clock.

Deceased was born in Beantown,
Lancaster county, Penn., Feb. 17, 1826,
and in 1835 went to Canada to reside
making his home in Hamilton, Preston
and Waterloo.

In June 1849 he came to Janesville
and has ever since resided here being
all these years engaged in the manu-
facture of wagons.
Mr. Skelly was married in Janesville
in 1860, his wife dying in 1863. One
son George A. Skelly, of Sparta, is left
to mourn the loss of a loving father.
Two sisters, Mrs. C. Crall and Miss
Emma Skelly, and three brothers,
George, Henry and Richard are left.
Funeral services will be held from the
home Wednesday morning at 10 o'clock.

Mrs. William Cannon.

Mrs. William Cannon died Saturday
evening at her home, 121 Chatham
street at 6:30 o'clock after a short ill-
ness. She was seventy-four years of
age and death was due to heart failure.
For thirty years she had been a resident
of Rock county, and made many friends
who loved her for her excellent quali-
ties. She leaves to mourn her loss a
family of five children, three sons and
two daughters, W. J. Cannon, C. E.
Cannon, D. J. Cannon, Mrs. William
Boyd and Mrs. W. H. Rose, all of this
city. Her husband died in this city
about twelve years ago.

Funeral services will be held from the
house Tuesday morning at 10:30.

Mrs. Emma Terwilliger.

Mrs. Emma Terwilliger died yesterday,
after a week's illness. She leaves a hus-

band and eight children, they being
Mrs. A. M. Church, Mrs. John Brown,
Mrs. Wm. Hinckley, Misses Fannie, Jes-
sie, and Loe, of Janesville; Mrs. Ralph
Coon, of Beloit; and C. E. Terwilliger,
of Chicago. The funeral will be held
at the home, on Highland avenue, at 2
o'clock Wednesday afternoon.

Mrs. James Hadden.

Mrs. James Hadden died Saturday
evening at her home in the town of
Johnstown after a two weeks' illness. A
husband and two children are left to
mourn her loss.

Funeral services will be held Tuesday
afternoon at 2:30 from the home, the in-
terment to be in the cemetery at John-
stown Center.

Mrs. D. M. Barlass.

After a six weeks' illness with stom-
ach trouble, Mrs. D. M. Barlass died
Sunday morning at 5 o'clock at her
home in the town of Bradford. De-
ceased leaves a husband, two sons and a
daughter. Funeral services will be held
from the home tomorrow at 10:30
o'clock, the interment to take place in
the Grove cemetery.

Joseph Bowen.

After an illness of but a few days'
duration, Joseph Bowen died Sunday
evening at 9 o'clock at his Lincoln
street home. A wife and two children
survive him. The funeral services will
be held from St. Patrick's church, Wed-
nesday morning at 10 o'clock, the in-
terment to take place in Mount Olivet ce-
metery.

Mrs. Bridget Plunkett.

Mrs. Bridget Plunkett died at her
home in Footville, Sunday at 6 p. m.,
aged eighty years. One daughter, Mrs.
Catherine Knight, is left to mourn a
mother's loss. Funeral services will be
held from St. Augustine's church, Foot-
ville, Tuesday at 10 o'clock, the in-
terment to be in Mount Olivet cemetery.

Chas. N. Flagler.

I. E. Campbell of this city received a
telegram announcing the death of Chas.
N. Flagler, whose demise took place yester-
day at his home in Lime Springs,
Iowa. Deceased was a nephew of Mrs.
Campbell, and formerly made his home
at Milton, graduating from Milton col-
lege in 1888.

Mrs. M. B. Longley.

Mrs. M. B. Longley, mother of the
late Prescott E. Longley, of this city,
died at Baraboo, Wis., of heart failure,
on Friday. She was seventy-eight
years of age, and leaves a son, Thomas,
in Chicago.

Funeral of Mrs. Nightengale.

From St. Mary's church this morning
at 9:30 o'clock funeral services were held
over the remains of the late Mrs. Cath-
erine Nightengale. The interment was
in Mount Olivet cemetery.

Charles H. Webb.

Mrs. Cornelia R. Webb, of 531 Dodge
street received a telegram Saturday an-
nouncing the death of Charles H. Webb,
at Rochester, N. Y., only brother of the
late James A. Webb.

Value of a City's Sewage.

A Viennese commission has reported
on the possibility of utilizing the sewage
for agricultural purposes, and has
set down its value at from 3,300 to
14,700 florins (\$1,188 to \$5,394) a day,
or from 1,200,000 to 5,300,000 florins
(\$472,000 to \$1,908,000) a year as a fer-
tilizer. In common with other Euro-
pean cities, Vienna has discovered that
land irrigated with sewage is enhanced
in value and that no ill effects on the
health of the neighborhood are shown.

THE PRICE OF COAL ADVANCED TODAY

FIFTY CENTS PER TON IS
ADDED.

Even Then the Dealers Would Lose
Money If They Had to Purchase On
the Chicago Market—Higher Rate
Yet When Stocks Are De-
pleted.

If Janesville coal dealers had to buy a
stock of fuel today at Chicago wholesale
prices, pay the freight, and sell it at the
retail price in Janesville, he would lose
just twenty cents on each ton, regardless
of the fact that the retail price to Janes-
ville people was advanced fifty cents per
ton today.

Coal has been selling here for \$7.00,
and this morning the price was advanced
to \$7.50. The Chicago wholesale price
is now \$6.50 per ton, and the freight
rate from Chicago is \$1.25. This makes
Chicago coal worth \$7.75 per ton in the
cars in Janesville, while citizens can buy
it at retail for twenty cents less.

"The price must soon advance," said
a local dealer today. "While present
stocks last, the price will probably re-
main at \$7.50, but the dealer who runs
out of goods and has to buy, cannot sell
for that price. Hence an advance must
be expected soon, and people who are
going to need more coal should buy it
at once."

\$12 Garments At \$4.87.

Greater cloak bargains! Sounds ex-
travagant, doesn't it, when you think
of the way we have been selling cloaks
the past few weeks; but the fact is, we
still have too many garments on the
racks, and to make them go quick we
propose to make still greater reductions
in the prices than the half prices which
have been in force.

First—we will select 100 garments, con-
sisting of ladies' cloth jackets, ladies'
cloth capes—garments which have
been selling up to \$7.50. The bargain
price for this sale will be your choice,
\$2.87.

Second—In this lot there will be an-
other hundred garments, such as ladies'
cloth coats, misses' jackets, ladies' cloth
capes, plush capes,—many garments
that have been up to \$12, but for this
sale you may take your choice at \$4.87.

You will be surprised what good
cloaks we are letting out at these two
bargain prices, and it would be wise to
act soon. Archie Reid & Co.

WAR BOARD SCORES MILES.

Commanding General in Fault in Important Matters.

CENSURED FOR HIS SILENCE.

The Fact That Bad Beef Was Being Served Out to the Soldiers Should Not Have Been Held Back—War Department Not Perfect.

Washington, Feb. 13.—The full text of the war investigating commission, made public last night, brings out several important points not covered in the brief summaries printed since the document was given to President McKinley Wednesday last.

Maj.-Gen. Nelson A. Miles is the only one of those censured by the commission for whom no excuse is found. The commander of the army is denounced for concealing an alleged crime for months by failing to make public the charges and complaints regarding the meat. It is stated that, although he claimed to know the soldiers were being fed meat which might injure their health, he permitted the matter to pass unnoticed for months, until he was called before the inquiry board.

Gen. Miles is also found to have retarded the work of the inspector-general's department by claiming to himself the sole right to order inspections. He is said to have ordered paymasters away from Porto Rico, and thus delayed the settlement with the men. It is stated, too, that Gen. Miles himself selected at least one camp site that proved unsatisfactory and had to be abandoned shortly after its occupation.

Dr. Daly of Gen. Miles' staff is also scored for delaying official reports on what he claimed to have found in the beef.

It is admitted that the secretary of war's department failed to grasp the full scope of the situation, but, as with other minor bureaus, the unprepared condition of the country and the lack of funds at the outset are quoted as extenuating circumstances, excusing, in part, the confusion and mistakes.

The quartermaster-general's department is shown to have been poorly managed in some respects. The commission holds it to blame for the confusion at Tampa and declares sufficient transports to carry an army of 25,000 men, equipments and supplies to Santiago should have been provided if every vessel bearing an American flag along the Atlantic or Gulf coasts had to be seized.

The medical department comes in for a share of reproval for lack of supplies and shortage of nurses. Suggestions are made of precautionary measures to avoid such conditions in the future.

No evidences of corruption in the letting of contracts, the selection of camp sites or other business transacted were found by the commission, volunteers and regulars alike handling honestly every dollar intrusted to their care.

Lieut.-Gen. Schofield's suggestion of a general in chief of the army to be selected by the president, who will work in harmony with the war department, is endorsed.

Special training schools for volunteer officers is deemed a necessary move to put the army on a strong footing.

Several of the camp sites used early in the war were found bad in many particulars. Chickamauga, especially, was overcrowded and poorly arranged. Camp Alger likewise was unsatisfactory. Montauk Point, however, was an ideal spot, according to the report.

The report is an unanimous one, all the members of the commission having signed it except Col. Sexton, whose death occurred Feb. 4. At its close it says: "It is with profound regret that the committee reports that, during its later sessions Col. James A. Sexton was prevented by sickness from being

present, and on the 4th day of February our loved colleague closed an honored and active life."

The report is a voluminous document containing about 65,000 words, and an official abstract, prepared by the secretary of the commission, was furnished to the press for its convenience.

Said Chicago Obed Her \$100,000. Miss Sarah Halloway Dodge of Gardner, Ill., who about ten years ago shot and killed Col. Babcock, a wealthy Chicago lumberman, made a scene at the city hall in Chicago the other day by demanding of Comptroller Walker \$100,000, which she said was due her from the city. Mr. Walker engaged her in conversation while he sent for a policeman, who put her under arrest. She became violent, and fought the policeman until overpowered. In the folds of her dress were found a 38-calibre loaded revolver, \$55 in money, a Bible, a college diploma, a deed to a farm near Gardner, and about a hundred letters from various persons, the letters being fastened to the lining of her skirt with safety pins. Miss Dodge is one of the wealthiest residents of Gardner. Col. Babcock lived several days after being shot, but would tell no particulars of the shooting. Miss Dodge was not prosecuted for the homicide, but was subsequently adjudged insane, and sent to an asylum.

A Great Feat. "My wife doesn't want to vote, but she's what I call strong-minded." "In what direction?" "Well, she can read a doctor book clear through without getting symptoms of any of the diseases."—Brooklyn Life.

An Honest Medicine for La Grippe. George W. Waitt, of South Gardner, Me., says: "I have had the worst cough, cold, chills and grip and have taken lots of trash of no account but profit to the vendor. Chamberlain's Cough Remedy is the only thing that has done any good whatever. I have used one 50 cent bottle and the chills, cold and the grip have all left me. I congratulate the manufacturers of an honest medicine." For sale by People's Drug Co., corner Main and Milwaukee streets.

To Deepen New York Harbor. Washington, Feb. 13.—The senate committee on commerce decided to amend the river and harbor bill by providing for deepening of New York harbor. The amendment applies both to the east channel and to Bay Ridge channel, and both are to have a depth of forty feet. Both are also to be widened. The estimated cost of the improvement is \$6,500,000.

Coal Company Suffers by Fire. Cedar Rapids, Iowa, Feb. 13.—There was a bad fire at Foster Sunday, the tower and tipple of the hoisting works of the Deep Vein Coal company being destroyed. This will close the mine from thirty to sixty days and this means a heavy loss, as the operators are crowded with orders.

Are to Combat Tuberculosis. Berlin, Feb. 13.—A committee representing the international congress for the prevention of tuberculosis, which will sit in Berlin from May 24 to May 27 next, called yesterday at the United States embassy to enlist American interest and co-operation in the undertaking.

Too Much Whisky in England. Washington, Feb. 13.—Consul Fleming, at Edinburgh, reports to the state department a serious crisis in the whisky trade in Scotland. This is attributed to the immense over-production, which has by gradual accumulation placed a surplus stock of over 137,500,000 gallons of whisky in the bonded warehouses of the United Kingdom.

Retire on Three-Quarters Pay. Washington, Feb. 13.—The house commerce committee has determined to report favorably the bill "to promote the efficiency of the revenue cutter service." It provides for the retirement of officers on three-quarters pay, similar to the army and navy.

Victim of La Grippe.

Left in a Most Serious Condition by that Nerve-destroying Disease. Cured by Dr. Miles' Nervine.

In these days when so many ordinary preparations are advertised, it is significant that Dr. Miles' Restorative Nervine stands alone as the one remedy of all others that never fails to benefit the weak, weary, nerve-shattered, tired and worn out victim of wasted vitality. In every city, in business offices, counting rooms and banks, in the homes of all liberally educated men and women—wherever the friction of worry is wearing out the nerves and reducing the vitality of the body, Dr. Miles' Nervine is received with open arms. Physicians use it, and to clergymen, lawyers and school teachers it is of untold value. It invariably insures sound sleep, and gives the overstrung nerves their natural rest. It puts new life into the worn out body, brings springiness to the step, brightness to the eyes, cheerfulness to the mind. It should find its way into every family where some member needs a general building up of the body, a purifying of the blood and a strengthening of tired nerves.

Rev. E. J. Jenkins, Pastor of the United Brethren Church, at Brazil, Ind., sends the following letter describing his illness, and telling how he was

cured: "I suffered severely from nervous prostration, brought on me by two successive attacks of La Grippe. My appetite failed me; I grew pale and thin. I was exceedingly nervous and suffered greatly. Dr. Miles' Restorative Nervine was recommended to me by one of my brother clergymen who had received great benefit from its use. I decided to give it a trial, and to my great satisfaction I found myself improving after taking the first few doses. My health was speedily restored, and I have never lost an opportunity to speak a good word in praise of Dr. Miles' Nervine."

"In 1892 I had a severe attack of La Grippe followed by nervous prostration which left me a physical wreck. I suffered from intense pain in my head, was restless, irritable and so nervous that I could not be quiet for a minute at a time. It was almost impossible for me to get any sleep or rest at night, and when I did sleep I was disturbed with horrid dreams and morbid fears. My appetite failed; nothing that I ate seemed to give me any strength and I wasted in flesh. After doctor's medicine failed, I tried almost every remedy recommended as nerve

tonic, but nothing did me any good until I began taking Dr. Miles' Nervine. The first night I rested so nicely, and I began feeling from that time on. Dr. Miles' Nervine cured me and I cannot speak too highly of it."

Mrs. ELIZABETH, MADISON, Kennard, Ind.

La Grippe shows no favor in the selection of its victims. When it finds the vitality of the system lowered, the nerve force weakened and the resistive power destroyed it gains an entrance into the system. Keep it out by increasing the vital strength and building up the nervous energy with the only truly great restorative medicine, Dr. Miles' Nervine.

Sample Treatment Free.

A trial package of Dr. Miles' favorite treatment for La Grippe, consisting of Dr. Miles' Restorative Nervine, Dr. Miles' Anti-Pain Pills and Dr. Miles' Nerve and Liver Pills, will be sent absolutely free of cost to any person who will send name and address on a postal card, requesting the samples, and mentioning the name of this paper, address

For full information, maps, circulars, etc., call on or address any ticket agent of the Chicago, Milwaukee & St. Paul Railway.

Dangers of the Grip. The greatest danger from la grippe is of its resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for la grippe we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that this remedy is a certain preventive of that dangerous disease. It will cure la grippe in less time than any other treatment. It is pleasant and safe to take. For sale by Peoples' Drug Co., corner Main and Milwaukee streets.

STORY OF A SENATOR.

BEVERIDGE HAD TO STRUGGLE
WHEN YOUNG.

A Protégé of the Late Senator McDonald—Once a Cowboy on the Western Plains—Worked His Way Through College.

Senator-elect Beveridge of Indiana is a native of Ohio. He was born Oct. 6, 1862, in Highland county. His father and all of his brothers were in the union army, and his mother devoted all her time during the rebellion to gathering provisions for the union soldiers. At the close of the war Mr. Beveridge's father lost all of his property and became heavily involved in debt. The family was forced to give up the farm in Ohio and moved to Illinois.

There Mr. Beveridge's life from the age of 12 was one of great privation, hardship, and toil. At 12 years of age he was a plowboy, at 14 he was working as a laborer, at railroad construction, and doing the work to which the strongest men were assigned, such as driving an old-fashioned scraper.

At 15 he became a logger and teamster, and by reason of his natural command of men was placed in charge of a logging camp. He made his way

of his college course, amounted to enough to pay two years of his expenses. He entered college late in the term each year and quit early, giving every moment of his vacation to unremitting work. As a result of this the young man's health gave way, and at the end of his college course he was quite ill. To recover his health he went to the plains of western Kansas and eastern Colorado, and for some time lived with the cowboys, who became, in all the ranches, his fast friends.

Finally, feeling that his health was sufficiently restored, he went to Indianapolis and was given the privilege of studying law in the office of Joseph E. McDonald.

During the first year of his study of law young Beveridge had so little money that he lived on two meals a day much of the time. At the end of the first year the firm of McDonald & Butler offered him their managing clerkship, with all the duties of the third partner on his shoulders. He declined to accept on the ground that he had not studied law long enough. Senator McDonald replied that if they could stand it he should be able to. Beveridge's first case before a jury was in the United States Court, with General Harrison and his firm on the other side. The case lasted many days, during which the day set for Mr. Beveridge's wedding to Miss Katherine Langsdale of Greencastle arrived, and Judge Woods adjourned court.

Beveridge went to Greencastle, was married, returned that night to Indianapolis, and next morning was again in court to attend to his case.

His first argument before a tribunal of justice was in the Supreme Court of Indiana, upon a question involving the constitutionality of a statute. During the time that Mr. Beveridge remained with the firm of McDonald & Butler he had exclusive charge of many of the important cases of that firm, and was consulted by Senator McDonald in every case of importance.

After his experience with McDonald & Butler, Mr. Beveridge began the practice of law himself. In his profession he has been successful, having been engaged in cases of the greatest importance, such as the one involving the power of the legislature and governor to appoint the oil and mine inspectors, and the state statistician, in Governor Hovey's time, which case attracted the attention of the bar throughout the country; the famous state railway tax case, in which he made the argument in the Supreme Court; he wrote the brief filed in the Supreme Court of the United States in the Pennsylvania cases, involving the question of taxing railroad property in Indiana to the value of \$150,000,000, and in the life insurance tax case he made an argument which was widely reproduced throughout the country.

through the high school of the town in which he lived by entering the fall and winter terms late and quitting early each year and by working nights and mornings.

Edward Anderson, a friend of Beveridge's, who now lives in North Dakota, loaned him \$50, and on this he entered De Pauw University. He became the steward of a college club, and in this way passed through his first year, at the end of which he began by merit to win for himself the series of prizes in scholarship, philosophy, science and oratory, which, by the end
